MISSION LOG

DAY 1
Launch successful.
All systems nominal.

DAY 89
Anomalous frequency detected.

FREQUENCY:
1446.0 MHz

Signal repeated every
7 minutes 13 seconds.

ECHO protocol activated.

DAY 90
Signal traced to:
SINAI DESERT

Historical reference:
1446 BC

Secondary bounce location:
SECTOR 14-46

UNPRECEDENTED

INTERNAL NOTES

The transmission did not behave
like a normal radio signal.

Fragments resembled ancient
Hebrew phonetics combined with
mathematical repetition.

Repeated phrase translated:

"THE SEA REMEMBERS"

Commander NOVA-4 initiated
unauthorized investigations into
the origin of the signal.

DAY 200
Crew behavior deteriorated.

Station corridors were marked with repeating symbols.

DAY 247
All communication lost.

ORION-7 declared abandoned.
